

DEFER CHOICE OF ARCHITECT AT MEETING OF SCHOOL BOARD

Gettysburg Joint School Board members at their February meeting Monday evening, which did not adjourn until 11:25 o'clock, deferred selection of an architect for the proposed additional high school facilities, elected two teachers, accepted two teacher resignations and fixed \$3,800 as the starting salary for beginner teachers next fall.

The board had from its finance and planning committee three nominations for the contract for the contract for the architect work on the high school addition needed to relieve badly crowded conditions there. The three had been chosen by the committee from the seven who had sought the job.

When complications developed during the evening, the selection of an architect from this list was deferred until next month: Buchart Associates, C. L. Forrer and Associates and J. Alfred Hamme and Associates, all of York.

Three Bids Read

Selection of the architect was delayed after E. H. Bostwick of the Rouseville Fabricating and Weld Shop of Waynesboro came before the board to explain the basis for his claim for about \$700 in extra work he was required to do as a subcontractor at the Meade School. He blamed the difficulties on drawings prepared by Buchart's office and distributed to bidders.

Gery Orndorff, a Buchart representative, said the specifications were clear on the point and the question on the drawings is a "matter of interpretation." He said a conference this week between him, Mr. Bostwick and the general contractor, A. R. Warner, Waynesboro, will settle the claim from Mr. Bostwick. The board will be advised of the outcome of the conference before its March meeting when an architect will be chosen.

Bids of the three architect firms recommended by the committee were read to the board. The Buchart firm offered its services for a fee of 5 1/2 per cent with "complete supervision"; Forrer's fee was the same for twice weekly supervision but offered more supervision for an extra half per cent. The Hamme firm's bid was on a "flexible" scale that would not be 4.8 per cent on a million dollar building. "Necessary supervision" was promised.

Room Schedule Not Ready
The finance and planning committee's recommendations were presented by its chairman, Addison Durbarow, and the board had decided on a system of selecting one firm from the list of three when the Bostwick matter came up and the selection was deferred.

A letter to the school district from Bostwick threatens to hold up occupancy of Meade School until his claim is settled. "My dander is up and I'm going to stand on my rights," he told the board.

Superintendent H. Edgar Riegle told the board he has been to Harrisburg for a conference on a room schedule for the additional facilities at the high school and the state version to date is "most inadequate." He advised against signing a contract with an architect until a room schedule is ready. That may be accomplished by the March meeting, he said.

Two Resignations
On recommendation of the teacher and curriculum committee, the board accepted the resignations of Mrs. Ada M. McGregor and Mrs. Virginia Steiner from the faculty "for health reasons" and elected two students who will be graduating this spring from Shippensburg State College to elementary positions here in the fall. They are Mary Jane Bolze of Landisburg and Miss Carla Yost of Hanover.

The same committee recommends continuation of the \$3,800 starting salary for beginning teachers next fall. The state minimum remains at \$3,600 this year, it was pointed out, and a survey showed many nearby districts will be offering starting teachers \$3,800.

Want Mileage To Meetings
On recommendation of the same committee, the board added to the list of supplemental salaries for extra duties the assistant advisor to the high school yearbook at \$50. The advisor gets \$75 per year.

Franklin Twp. directors in a letter to the joint board called attention to a section of the state law providing that directors be paid mileage for traveling to joint meetings. (Continued On Page 2)

38 Will Take Adams Census

To tabulate the 1960 census in Adams County two crew leaders and 36 enumerators will be needed, according to an announcement from the Nineteenth Congressional District office in York.

Applications for these positions are now being accepted. Interested persons may apply to the district supervisor's office, Room 6, 116 Market St., York. Applicants must be over 18 years of age. A written test will be administered and persons selected will be trained during March.

The district office, which includes Adams, Cumberland and York counties, is headed by Austin C. Sigelen, Mechanicsburg. The two-stage census is scheduled to begin April 1 following preparatory groundwork.

PLAN 20-ROOM HIGH SCHOOL IN BIGLERVILLE

Plans for a new 20-classroom addition to Biglerville High School and details of other activities of the school system were outlined Monday evening at a meeting of the Biglerville PTA at the elementary school auditorium there.

Four members of the Upper Adams School Board outlined different phases of the school system.

Kenneth Alwine gave details of school which will replace the original high school building. He said bids will be opened March 15 at the office of the business manager by the Upper Adams School Authority.

According to the plan outlined by Alwine, the new school will be built in the form of an "L" with the long side of the "L" along the street, extending from the Elmer Yoder property south to almost the south end of the present old high school building.

The short side of the L will be located at the north side and extend back to the present new high school building. Construction of the short side of the "L" will be completed first so that the students will have a place to continue their studies while the original high school building is torn down and replaced by the proposed new high school building.

Plan "No Frills"
Alwine said the new building will be built "as economically as possible. There will be no frills. We need the new building to provide both facilities and space for our students. We are replacing the old building because the state has ordered so many alterations to it that we feel it will be more economical to tear it down and use the space for the new structure."

The new building will provide a series of rooms designed to meet the present day demands in science education. At present, general science classes meet in the cafeteria and various classrooms where equipment for demonstration is used.

Real Estate Man Sues For His Fee

A Wellsville real estate agent, John U. March, has brought an action in assumpsit in Adams County court asking Lester J. and Lillian E. Cotter, Goshen, N. Y., to pay a \$1,250 fee which March alleges is due him as his commission on the sale of Mr. and Mrs. Cotter's property in Mt. Pleasant Twp.

He alleges the Cotters signed an agreement to list their 88-acre property in Mt. Pleasant Twp. with March's agency and to pay five per cent of the sale price as commission. March alleges he took Richard A. Hartley to the premises, that Hartley wished to buy only 60 acres and that in due course sale was made of the 80 acres to Hartley for \$25,000. He claims that the Cotters have since refused to pay the \$1,250 commission which he says is due him.

STOCKS EDGE UP

The list was higher from the start in a continuation of the rebound from sharp losses which began Monday afternoon. After about an hour of fairly broad advance, however, the upward drive weakened and a number of stocks replaced gains with losses.

DEFER CHOICE

(Continued From Page 1)
school board and joint school committee meetings.

In brief discussion it was brought out that directors were aware of this law but none had ever asked payment. There was no action but it seemed to be agreed that if directors turned in a request for mileage it would be paid under the law.

Buy 16 Tables

One of the first reactions to the Franklin Twp. letter was an observation from a director that "if we have to pay directors' mileage, that's another good reason for a merger." Under a merger the directors here would be reduced from 37 to nine.

The board opened bids for 16 folding tables for the Meade School and awarded the contract to the low bidder, J. W. Fischer and Company of Hanover, at \$443.52. The other bidder was the Raymond Home Furnishing Company.

The board was notified that the jointure now is eligible for state reimbursement for rentals on the Eisenhower building. An audit and other "red tape" remains to be completed before payments can be made but when they come will be retroactive to January 20.

Snowberger Reports
On recommendation of the superintendent, the board excused an elementary school pupil from attendance at school "for restoration of health."

High School Principal Clifford B. Snowberger told the board of the expanding intramural sports program for high school boys and girls. He said about 450 boys are competing in the program and the girls' program is being organized.

The Adams County Farm Bureau was granted use of the high school building for its annual meeting the evening of March 10 and the Band Boosters were given use of the high school cafeteria to serve a lunch to the Adams Electric Cooperative at its annual meeting March 26.

Year Monthly Reports
The monthly report of the school district treasurer, the First National Bank, showed \$83,000 received in tuition and expenses of \$73,139, leaving a general fund balance of \$35,941. Bills totaling \$15,849 were ordered paid Monday evening and financial statements were distributed to directors.

The high school cafeteria report showed an average of 1,021 student and 30 adult meals served on 20 days last month with a net operating loss of \$214. At Kee-fauver school there was an average of 614 student and 38 adult meals served with a net profit of \$262. At Eisenhower cafeteria 403 pupils and 24 adults were served on the average for 20 days with a net profit of \$129.

The Activities Fund balance was reported at \$15,240 after receipts of \$4,254 and expenses of \$4,884. The Athletic Fund balance is \$2,183 after receipts of \$935 and bills of \$276.

Ask Driver Class Decision
Member boards were asked to decide by the March joint board meeting whether they will participate in the driver training program this summer.

Superintendent Riegle invited directors to attend the annual South Penn Study Council dinner meeting in Shippensburg April 19. Attention was called to a training session for school secretaries at Harrisburg March 24.

School Health Report
A school health services report was distributed by Superintendent Riegle showing there were 191 physical and 168 dental examinations of pupils last month. There were 227 students reporting to the health service because of illness or injury in the month and 46 came in for gym excuses. Nurses visited 13 homes and referred 19 youngsters to their doctors and nine to dentists.

The report, which was signed by the school nurses, announced the tetanus toxoid program for the junior high school is being set up and will include the present Sixth grades. Physical and dental exams are continuing on schedule and routine screening of vision and hearing in all grades is being done as time permits.

Cubmaster Long, who served as toastmaster introduced the new Cubmaster, Alvah Stoness Jr. He invited parents and friends to view the Cub Scout display in the show window at the local telephone office on S. Queen St., the Troop 84 Boy Scout display at the DeKalb office show window on E. King St. and the Explorer Post 84 exhibit in the E. King St. school building. There will be Explorers on duty each evening from 6 to 9 during this Boy Scout Week, to explain the exhibit to interested patrons.

Cubmaster Long also announced that the Pack will be in charge of the training session on February 23 during the University of Scouting Training School which begins on February 16 and continues for five Tuesday evenings. All leaders, parents, committee members and others interested in Scouting are invited to attend these sessions in Gettysburg.

He told of changes in the curriculum that have been made and others that are contemplated. "Each year there is some repetition of material and each year a steady advance through the six years of junior and senior high school. Staff meetings are being held at least once a month and we believe they are valuable."

Five Full-time Teachers

He told of efforts at better grouping of pupils so that each may progress at a speed in keeping with his interest and abilities. There will be a journalism class next year, he said, and other electives may be offered. He said a wider use of visual aids is sought in the department and said the use of "lay readers" to help teachers with correcting composition work is working "very well."

Mr. Longenecker noted there are only five full-time English teachers at the school. Three teach English and other subjects and four others are in the 7th grade integrated program that involves English and other subjects.

opportunity, what America stands for, what many of their fathers fought for and some died for; to teach them that the flag is not just cloth but has a heritage which they need to learn.

Ritter Speaks

A moment of silence was observed in memory of Eddie Couse, a member of the Cub Pack, who died suddenly last February.

Charles E. Ritter, Black Walnut district commissioner, was speaker for the evening and he extended best wishes on behalf of the district, prior to tracing the history of Boy Scouts in America. He noted also that Cub Scouting officially began in 1933 and he listed the qualifications of a den mother. "The only reward for all of this volunteer work and it is work," he said "is the personal satisfaction and the admiration of the Cub Scouts themselves."

Presents "First Family"

Stanley C. Rogers, Black Walnut district field executive, presented the First Family of Scouting in the community, Mrs. Kathryn Hahn and her sons, James, Robert and Charles. The latest accomplishments of the three, in addition to local ones, are for Assistant Scoutmaster James, to be chosen assistant district commissioner for exploring and he also will be one of the leaders to go to Philmont Ranch in New Mexico this year; senior patrol leader Robert has been chosen vice president of the district Explorer cabinet and he will accompany James to Philmont this year; Charles also an Explorer, was chosen district Explorer cabinet chairman.

Field Executive Rogers also recognized the den chiefs in attendance including James Long, Robert Hahn, Larry Altoff, Ronald Ruggles and Thomas Gingrow. He mentioned the numerous awards which can be secured, through individual and joint efforts, during this Jubilee Year and he also explained what each of the sessions of the University of Scouting Training School will deal with as concerns the various phases of Scout work.

Benediction was pronounced by the Rev. Glenn Finchbaugh, pastor of Redeemer's United Church of Christ.

"A new library is badly needed. At present it is necessary to use the present library as a classroom and sometimes as a homeroom. A workroom and conference room, needed for the library, will be in the new structure."

"A commercial suite will also be included."

"A new music instruction room and bandroom will be provided. At present the bandroom is so located that the noise interferes with teaching instruction. Health room facilities will also be constructed for the 600 Junior-Senior High School students. At present they use the health room in the elementary school which was designed for use by 250 students."

"The new building will also include a cafeteria for the junior-senior high school."

"A new auditorium will be constructed. At present few assemblies are held because the only place available is the gymnasium, which has poor acoustics and is not designed to be an auditorium."

Have 1,432 Students

"A new office suite is planned. The Upper Adams schools now have a total of 1,432 students, of which 600 are in the junior-senior high school." Alwine said that whereas the state recommends an average of 22 students per teacher in the high schools, at the present time there are 30 per classroom in the Biglerville High School.

Dean Asquith outlined the curriculum being taught in the Biglerville schools. Elmer Hoke spoke on the athletic program. Oscar Rice Jr., president of the board, gave an overall summary of the schools in the Upper Adams system. The present school property is valued at \$1,500,000 he said. In discussing the new high school plans he said the front will be cased with brick but the remainder of the building will be of cement block. To slash costs the interior walls will be painted over cement block.

Today's Talk

ALWAYS BE "ON THE LEVEL"

People who do things straight forwardly do not have to know the "ropes"—they do not have to call upon some man higher up—or depend upon some clever art or genius.

When you are "on the level," you may be sure of succeeding very well with the brains you have in your own head!

Another thing—people who are "on the level" sleep better and their food digests more thoroughly. They have more time for play, and they never borrow unnecessarily from their neighbor.

If you are "on the level," you don't have to go around with a gun in your pocket—fearing every leaf-flutter and every alarm.

People like to meet the fellow "on the level." His word is better than his bond. His smile and sane assurance are of more value than a great balance in the bank.

When you are "on the level," you can hang up your apologies, your excuses and your worries. You will then be a four-square person! If you are "on the level," people will single you out wherever you may be.

It pays everyone to associate with the person "on the level" but it pays YOU most!

New Heroes Are In Race Spotlight

BUENOS AIRES (AP)—The sure driving boys from down under are stealing the glory from other parts of the world when it comes to Grand Prix auto racing.

Sunday New Zealand's Bruce McLaren, who for most of the race wasn't the swiftest but certainly was the surest, took Argentina's Grand Prix. McLaren now has a run of two straight Grand Prix victories going for him. He won the 1959 Grand Prix at Sebring, Fla.

Jack Brabham of Australia picked up enough seconds and thirds to win the 1959 World's Road Racing championship. Now McLaren is off to a good start toward winning this year's crown.

Horwath Leads Hockey Scorers

MONTREAL (AP)—Bronco Horwath of the Boston Bruins has regained sole possession of the National Hockey League point-scoring lead, the weekly statistics released today showed.

Horwath collected two goals and an assist last week to boost his total to 68 points. Jean Beliveau of Montreal, who was deadlocked with Horwath a week ago, picked up only a single point, giving him 66 for the campaign. Beliveau missed two week-end games because of a groin injury.

Horwath has 35 goals—the most in the circuit—and 33 assists. Beliveau has scored 32 times and has 34 assists.

DEMOCRATS BOW MONDAY ON RECESS

HARRISBURG (AP)—Democrats bowed Monday night to Republican demands to recess the 1960 Legislature until June 6 to see if present taxes will yield enough money for additional aid to schools.

The four-month break—unprecedented in modern legislative history—will last until just after the end of the first half of the state's two-year fiscal period May 31.

Gov. Lawrence and House Democrats had pushed for final adjournment immediately.

To Check On Surplus

Sen. James S. Berger, Republican floor leader, said the recess would permit the Legislature to check on the possibility of a surplus which could be earmarked for state aid for schools.

"If there is nothing, we will adjourn finally," said Berger.

The Lawrence administration is gloomy about the revenue outlook at the half-way mark in the biennium. David H. Kurtzman, secretary of administration, said:

"I would guess they'll find a deficit of up to 50 million dollars—certainly not a surplus."

Rep. Stephen McCann, Democratic floor leader, said it was his understanding after a conference with GOP chiefs that the 1960 session would wind up finally immediately after the recess if no surplus is found.

The extended recess came on the seventh legislative day of the 1960 session which convened Jan. 5.

The year-long meeting of the 1959 Legislature produced a two-year budget, leaving little to do on finances despite the action by voters last November in approving annual sessions. Under the constitutional amendment, sessions in even-numbered years are devoted only to revenue and appropriation measures.

Scores of legislative employees were furloughed, effective Feb. 16, for the recess.

300 Bid For 100 Buffalo Licenses

TORONTO (AP)—With seven months to go, more than 300 bids already have been received for the 100 licenses expected to be issued for Canada's second wild buffalo hunt this century.

Ed Olson, superintendent of Wood Buffalo National Park in the Northwest Territories, said Monday the bids probably will be awarded on a first-come, first-served basis.

Last September 30 hunters, all from Canada and the U.S., each shot one buffalo during the first hunt ever allowed on the 17,000-square-mile game reserve's borders. The buffalo were overflow from the reserve.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

Officials Lose Their Dignity:

For about five minutes this morning the various courthouse officials completely lost their dignity and pandemonium reigned, the occasion of the demonstration being the dedication of the new office of Sheriff Fissel. The sheriff has moved his business office to the room provided for him among the other county notables and is now located in the "Hall of Justice."

Feeling that some suitable welcome should be given Adams County's guardian of the law, S. Miley Miller, chief custodian of the courthouse, called together the various officials and deputies who formed in line of march at the entrance to the main hall with the following instruments:

S. Miley Miller, horn; deputy clerk of the courts, Mary S. Thomas, trumpet; Prothonotary Taughinbaugh, one large stick and one small stick; County Treasurer Slonaker, oil can and board; deputy clerk to commissioners, Miley Miller, one frying pan with paddle; Register and Recorder Appier, sheet of tin with drum stick; Janitor Martin, one large coal shovel; Clerk Jacob Thomas, various instruments. Reporters and workmen with others who happened to be about at the time gathered up other instruments suited to emit melodious tones and after three cheers for the sheriff and his office, the march was begun.

THE BUSY BUSINESS MAN

"There's law for this, and law for that."

The man in business sighed.

"It keeps me guessing where I'm at"

And how my hands are tied.

"My great concern today is not That I may shortly fail; I have to give my every thought To keeping out of jail."

"For profits that may comfort me, No longer can I plan. It's taking all my time to be A law-abiding man."

"Oh, sorry is the plight I'm in; I have no path to choose. The court will nab me if I win; The sheriff if I lose."

BACK ROONEY FOR STATE TREASURER

By LEONARD A. UNGER

HARRISBURG (AP)—An active campaign is under way in behalf of Sen. Fred B. Rooney (D-Northampton) for the Democratic nomination for state treasurer.

The first-term senator disclosed Monday his backers were obtaining signatures to his nomination petitions in 50 counties. Rooney, 32, said he had discussed his candidacy with Gov. Lawrence and had not been discouraged.

Big Demand For Houses:

Seldom if ever has there been such a great demand for houses and rooms in Gettysburg and from indications this early in the winter it is safe to predict that some people will find themselves in a very uncomfortable position on April 1 unless they get busy and secure new homes.

This condition of affairs shows that the increase in population of Gettysburg during the past few years has been very rapid and is continuing so.

Scores of houses have been erected in this place for the several years past and still there are not sufficient to meet the demand. Of those calling at this office to inquire about houses and rooms the majority are from people from the country who contemplate moving to town.

All these things point to prosperous times in the town. There is more opportunity for employment here than ever before and people are realizing that it is a good place in which to live. Business is brisk and the report of the census takers showing the increase in population will be awaited with great interest by all.

For some time past people have amused themselves by discussing the probably population at this time. Figures vary considerably but the 5,000 figure is thought by many to be not far wrong. In 1900 Gettysburg was credited with 3,490 people. Since that time large numbers of residences have been erected and all are occupied, showing an undisputed increase.

New Streets In East End Of Town:

The tract of land containing about 20 acres, lying between the York Pike and Hanover St. and extending to Rock Creek, recently sold by A. J. Smith to Frank B. Deardorff has been purchased from Deardorff by Martin Winter. The tract of about 18 acres lying on the south side of Hanover St. and extending to E. Middle St., both sides, has been sold by Messrs. Sheely Ziegler, Swope and Wolf to Martin Winter.

These two tracts together with the land adjoining and already belonging to Martin Winter will be plotted and opened up for building purposes. The new street which the Trustee factory is located and known as Fourth St., now constructed to Hanover St., will be continued to E. Middle St. Ext and another street to be known as Third St., east of Fourth St., will be opened from the Western Maryland Railroad to E. Middle St. Ext.

Apples Best In The East:

Philadelphia, Feb. 3—Adams County, Pa., is now raising the best and cheapest apples for Eastern consumption, declared C. J. He said that New Year dealers sell their apples in Philadelphia and then buy Adams County apples to meet the New York demand.

Division Leaders Meet At Littlestown Tonight; GHS, Junior High Idle

With the Gettysburg High and Junior High squads idle tonight, scholastic basketball fans will center their interest on the Green-castle-Littlestown clash at Littlestown in an important Adams-Franklin League game.

Jack Bream's Thunderbolts are unbeaten in league play with a run of 11 straight victories and have virtually sewed up the Adams Division title. Greencastle is 10-2 in the league and leads the Franklin Division. Littlestown took a 60-51 decision from the Blue Devils in their first meeting at Greencastle on January 8.

Second-place Scotland in the Franklin loop, much improved since the return of the Boyd brothers, will be host to James Buchanan. Scotland travels to Littlestown for another big game Friday night. The same teams will make up their postponed game of January 12 at Scotland Wednesday, February 17.

In other A-F games tonight St. Thomas (2-10) invades Fairfield (3-9), Bermudian (7-5) plays at New Oxford (8-4), and Quincy (3-9) tangles with Fannett-Metal (1-11) on the latter's court.

Canner's Holt Trojans
Two games are on the South Penn League program this evening.

Biglerville faces the unenviable task of playing host to Chambersburg, first half champions and 1-0 in the second half row and are in good position to sweep to an unbeaten league record.

Hanover, 2-0 in the second half and rated as the only team capable of giving Chambersburg a battle for the title, will meet Waynesboro on the Nighthawks' floor.

Delone At Home
Delone Catholic, idle since January 29, resumes its schedule this evening when it opens its second half schedule in the Central Penn Catholic League by entertaining Lancaster Catholic at McSherrys-town.

Lancaster was winless in the first half while the Squires finished with a 3-2 log.

South Penn Junior High League games tonight include Biglerville at Washington Township, Hanover at Waynesboro, and Faust vs. Central at Chambersburg.

Local FFA Cagers Whip East Berlin

Gettysburg's FFA dribblers led all the way in outclassing East Berlin here Monday 75-29.

After building up a 19-9 lead in the first period there was never question as to the ultimate outcome. At half time the score was 37-21.

Rentzel tabbed 31 points for Gettysburg while Haar led the losers with 15.

TWO UNBEATEN WELTERS TO MEET IN MIAMI

By THE ASSOCIATED PRESS
Two unbeaten young welterweights meet Wednesday at Miami Beach, Fla. when Luis Rodriguez, the No. 1 contender from Cuba, takes on Carl Hubbard of Philadelphia.

Rodriguez, 22, has been moving steadily toward a championship match with Don Jordan, passing every test. Before he came to this country he beat Benny (Kid) Paret twice. On the TV circuit he has whipped Virgil Atkins, Rudell Stutch, Isaac Logan and Sugar Hart.

The match with the red hot Cuban figures to be a high hurdle for Hubbard, 23, who just moved up to the TV league in January when he stopped Stefan Redi. However Hubbard has a 19-0-2 record for 21 scraps and is supposed to have a big bang in his left hand.

The fight will be carried on ABC television.

Fight At Boston

Off the TV team at the Boston Garden, Tony DeMarco will be making a comeback against Denny Moyer of Portland, Ore. DeMarco, former world welter champion, has been out of action since last April. Before that he took two brutal beatings from Virgil Atkins. DeMarco is supposed to be getting a \$10,000 guarantee.

Moyer is a promising youngster who had a shot at Jordan's title last year but lost. In his last two bouts he outpointed Virgil Atkins and stopped Pat Lowry.

Others On Card

Gaspar Ortega makes the TV league again on Friday at Madison Square Garden as an opponent for Emile Griffith, a 22-year-old New Yorker.

If Ortega fights true to form there will be a disputed, split decision after it is all over. When he lost to Florentino Fernandez, the critics thought he really won. When he got the decision over Honolulu's Stan Harrington Jan. 8, they thought he lost. In the meantime the sad Indian keeps banking the TV dollars.

California rings will see two ranking boxers in action this week. Paolo Rosi, No. 1 lightweight challenger in Ring (No. 2 NBA) meets Art Ramponi of Oakland on a show tonight at Sacramento. Joey Giambra, still listed among the top 10 middles, appears Thursday at Fresno against Ray Greco of Whittier, Calif.

Mount Regains Top Spot In Northern League Of M-D By Lacing Sho'men

Mt. St. Mary's moved back into first place in the Northern Division of the Mason-Dixon Conference Monday evening by walloping Washington College, previous leaders, 86-63, at Emmitsburg.

The victory gives the Mountaineers an M-D record of 7-2 while Washington is 7-3. Overall the Mount is 13-5 while the Shoremen are 7-8.

Monday's game was close only in the first few minutes when it was deadlocked at 7-7. A one-handed jump toss by Dave Samuels put the Mount ahead to stay. At half time the score stood 38-21. With six minutes remaining the Mountaineers had their biggest lead at 73-45.

Pfeiffer, Samuels Star
Ed Pfeiffer hit the cords for 22 points to lead the winners while Samuels connected for 19. Samuels also turned in a brilliant rebounding performance by capturing 11.

Dick Callahan of Washington took the game's scoring honors with 26.

Three more league games confront the Mount during the remainder of the week. On Wednesday Loyola will be met at Baltimore. Hampden-Sydney will be faced at Emmitsburg Friday, while Catholic will be met at Washington, D. C., Saturday.

Fullmer Will Face Giardello

WEST JORDAN, Utah (AP)—NBA middleweight champion Gene Fullmer will defend his title April 20 against seventh-ranked Joey Giardello of Philadelphia. The fight will be held either in Bozeman or Missoula, Mont.

The sponsoring Intermountain Boxing Club signed Giardello to a contract Monday. He will receive a flat \$25,000 plus expenses.

Fullmer Will Face Giardello

Fullmer, 28, will be making his second NBA title defense. He outpointed Spider Webb of Chicago last December in his first defense of the National Boxing Assn. crown. His title is recognized in all states except New York and Massachusetts.

PENDER AND ROBINSON TO FIGHT AGAIN

BOSTON (AP)—Old pro Sugar Ray Robinson may be the challenger now but he still gets the lion's share of the profits.

The dapper old master of the middleweights has signed for a rematch with Paul Pender, the former Brookline, Mass., fireman who lifted Robinson's limited version of the world middleweight crown here Jan. 22.

Take a look at the financial arrangements for the nationally televised match in Boston April 29: Total TV rights—\$150,000. Robinson's (champion's) share of TV—\$105,000. Pender's (champion's) share of TV—\$26,250. Promoter's estimate of the gate—\$100,000. Robinson's share of the gate—30 per cent. Pender's share of the gate—30 per cent.

ACTOR OFFERS VIEWS ON HOW TO BE CONTENT

By HAL BOYLE
NEW YORK (AP)—"Most people don't live," said Edward G. Robinson. "They worry about the after life—and they haven't really lived here."
"Living itself is a really rare thing. So very few people actually do live. They don't venture forth enough to be what they could be, which is—themselves," he says.
At 66, Robinson, a lower East Side boy who yearned in his youth to be a minister and wound up a rich and famous actor, is convinced that the thing which defeats most people is fear.
Luncheon Comment
"They are afraid of living itself, the torment and consequences of living," he mused over a luncheon steak.
"We are raised up narrow-minded, and if we are to grow we must re-evaluate things."
"Many people are afraid of living because they are unwilling to pay the price. But you can't really duck the price. Happiness and unhappiness are interwoven in every life."
Richer Human
"Tragedy comes to everyone, and I think I've had my share. But if you don't let tragedy defeat you, you become that much richer as a human being."

OTHER LOVES OF DR. FINCH ARE REVIEWED

By BOB BARNES
LOS ANGELES (AP)—Dr. R. Bernard Finch admits Carole Tregoff was not the first member of his staff with whom he had illicit sexual relations.
Before he became romantically involved with his red-haired receptionist, he says, he had affairs with two other women employees—one married, one divorced.
Under cross-examination, the crew-cut doctor testified Monday that the first two affairs occurred before he and his wife Barbara reached their "armistice," an agreement he says permitted him to date other women freely.
Other Romances
Dr. Finch, 42, and Miss Tregoff, 23, are accused of conspiracy and murder in the gunshot death of Mrs. Finch, 36, last July 18. She was killed outside the expensive Finch home in West Covina. The doctor says he shot her accidentally.
The two women Finch said he romanced before Miss Tregoff were identified in court only as Mrs. X and Mrs. Y. He said both worked at his clinic.
Had Denied Affairs
His affairs with Mrs. X started in 1953, Dr. Finch said. Their trysts took place usually in automobiles, he said, and continued several months.
In 1956, Finch said, he went out with a divorced nurse, usually meeting her at her apartment. He stopped seeing her early in 1957.
The doctor said he denied the affairs to his wife. Even after the armistice, he said, he denied his affair with Miss Tregoff, who was then married.
He And Carole Had Apartment
Finch testified he wanted to save his wife's pride and keep Carole's husband from finding out about them.
Finch said he and his wife reached their armistice after their sex life became unsatisfactory. Dr. Finch said he first dated

meeting Wednesday in Winchester Hall, Frederick. During Lent the range meetings will be held Thursday evenings instead of Wednesdays. This will be the two meetings in March and the first meeting in April.

Noted Breeder Of Terriers Dies

NEW YORK (AP)—Gertrude De Coppel, 78, socially prominent Pennsylvania breeder of Welsh terriers, died here Sunday at a dog show.
Miss De Coppel, of Berwyn, Pa., collapsed after exhibiting three terriers at the annual Associated Terrier Show in the 102nd Engineers Armory. She was taken to a first aid station then removed to a hospital, where she was pronounced dead.
Police listed the cause of death as an apparent heart attack. They notified Berwyn police.
Miss De Coppel's chauffeur, Frank Antoine, said his employer's sister, Beatrice, also died at a dog show about a year ago.

3 NEW JUDGES ARE APPROVED

HARRISBURG (AP)—Three new judges were approved by the Senate Monday for Chester and Allegheny counties.
John P. Harvey, West Chester, was confirmed to a newly created Common Pleas Court judgeship in Chester County. He was appointed by Gov. Lawrence last week.
The new Allegheny County judges were confirmed within hours of appointment by Lawrence. They are James G. Legend, 57, Pittsburgh, to the Common Pleas Court bench, and John P. Hester, 45, Whitehall, to the County Court.
All three appointments are until January 1962.
Lawrence's appointment of three members of the Pennsylvania Fair Employment Practices Commission also were promptly approved.
They are Matthew H. McCloskey III, Bryn Mawr, son of the Democratic national treasurer; the Rev. James B. Cayce, Pittsburgh, and Samuel H. Daroff, Philadelphia apparel manufacturer.

Miss Tregoff Feb. 26, 1957. They gradually fell in love, he said, and in April he rented an apartment where they met and for the first time became intimate.

WORLEY ASKS REPRIMAND FOR GOVERNOR

HARRISBURG (AP)—The Legislature was asked Monday night to reprimand Gov. Lawrence for scheduling physical examinations for all drivers licensed prior to 1924.
Rep. Francis Worley (R-Adams), in a resolution asking the reprimand, described the governor's plan as "grossly unfair and contrary to our form of government."
The resolution was referred to committee.
Worley added that the age group comprising the pre-1924 licensees is not responsible for most of the accidents on the highways. The governor announced the examinations, to begin with the 1961 license, as part of his new highway safety program. Tests of drivers did not start until 1924.
Physical examinations still are not a requirement for licensing. Eventually, the administration plans to have all drivers take physical examinations before li-

PRAYERS STOP CLASSES FOR 350 STUDENTS

SPRINGFIELD, Mo. (AP)—Students at a little Bible college here completed 100 hours of praying, singing and confessing their sins Monday night.

Outside the chapel at the Central Bible Institute, Dean of Women Lottie Rieckhoff told a newsman: "This is doing them more good than two or three years of classes."

The institute president, the Rev. J. Robert Ashcroft, said the Marathon prayer service "is a practical demonstration" of his theory of religious education.

Class Work Stops

The institute is operated by the Assemblies of God, a fundamentalist denomination which makes its world headquarters in Springfield. The 350 students are studying for the ministry.

The spontaneous prayer meeting began Thursday night after a special service by the Rev. Warren Litzman of Waxahatchie, Tex. The evangelist, who has been conducting campus services for more than a week, remained in the chapel most of the time.

Class work has stopped at the school. There was an attempt to hold some classes Monday but, as a student said, "they weren't really classes at all."

Faculty members joined the students in the chapel, where the crowd varied from 200 to 350.

IKE WILL DINE HERE TONIGHT

WASHINGTON (AP)—President Eisenhower will fly to Cape Canaveral, Fla., Wednesday for an inspection of the missile launching base there.

Announcing this today, the White House said Eisenhower plans to spend three or four hours at the big base, then return immediately to Washington by jet airliner.

In response to questions, press secretary James C. Hagerty said Eisenhower will not witness any missile firings during his brief stay.

The President intends to travel by helicopter late this afternoon to his farm at Gettysburg, Pa., where he will have dinner with his wife, who is spending the week there.

Wednesday morning, Eisenhower will fly by helicopter to Andrews Air Force Base near Washington to board his jet plane. The takeoff is scheduled for about 8:30 a.m. EST.

N. Y. Police Uncover Teen-age Arsenal

NEW YORK (AP)—Police searched the home of 14-year-old Samrod Ali and found six zip guns, a sawed-off rifle, several hundred rounds of .22 caliber ammunition, two hatchets, six bowie knives, two blackjacks, a tire chain, a bludgeon, and several lengths of rope.

Officers said Ali sold ammunition to teen-age gang members.

Another youth, William Noya, 15, was accused of making zip guns, which sold for \$1.50 each. A zip gun is a homemade pistol usually powered with heavy rubber bands, which give them "zip."

NAVAL CHIEF ASKS 6 MORE MISSILE SUBS

WASHINGTON (AP)—The Navy's top admiral, though he supports the administration's defense budget, wants six more Polaris missile submarines. He will ask for nearly a billion dollars extra to build them.

Adm. Arleigh A. Burke, chief of naval operations, told a Senate hearing Monday he is not sure the Defense Department will back his request. Even so, he said, he'll continue to support President Eisenhower's defense budget for the coming fiscal year.

Fifteen Required
Fifteen of the nuclear-powered missile submarines now are in the works in one stage or another, including proposals in Eisenhower's new budget. The first operational undersea missile launchers are expected to be ready late this year. Each one costs 110 million dollars.

Burke told a House committee earlier that a fleet of 45 polaris subs would give the United States a tremendous retaliatory force, but at the present building rate it would take 10 years to produce a fleet that size.

SCOTT SPEAKS
KNOXVILLE, Tenn. (AP)—Sen. Knox Scott (R-Pa.) says the Republicans never have been more united than they are now.

"The Republican Party can offer more progress, continued peace and increased prosperity," Scott said Monday while he addressed a Lincoln Day dinner.

ROAD SYSTEM TO BE PROBED

WASHINGTON (AP)—Hints of far-reaching irregularities today preceded opening of a House investigation of spending and planning on the multibillion-dollar 41,000-mile interstate highway system.

A House Public Works subcommittee summoned defense and public roads officials for the lead-off phase of the inquiry dealing with inadequacies in defense aspects of the superhighway network.

The hints of irregularities came from Rep. Jim Wright (D-Tex.), a committee member.

"Facts now being unearthed and soon to be disclosed could make the highly publicized payola irregularities seem like a child's game of marbles by comparison," Wright said.

The road program is expected to cost 40 billion dollars over a period of years.

Wright said that original cost estimates of the federal-state system have skyrocketed from \$500,000 a mile to more than a million dollars a mile.

The interstate system of superhighways, of which the federal government bears 90 per cent of the cost and the states 10 per cent, was authorized by Congress in 1956. It will not be completed for another 13 years.

Offers Prizes For 1,000-Mile Walk

LONDON (AP)—"The walk to end all walks."

That's how Billy Butlin is describing his 1,000-mile tramp from the extreme north of Scotland to England's southernmost tip.

Only he's not going to make it. The vacation camp tycoon is offering \$14,000 in prize money for those interested, with \$2,900 going to the winning man and woman.

"I'm getting tired of this long-walking craze," Butlin said. "This will be the walk to end all walks."

Butlin got the idea after two women walked the same route, one taking 21 days, the other 27.

Call Meeting To Discuss Old Age

HARRISBURG (AP)—Terming the problems of aging as among the most serious, Gov. Lawrence has called the first statewide meeting here Feb. 25 of the Governor's White House Conference Committee on Aging.

"Perhaps no other problem is of greater importance today than the problem of the aging," he said Saturday "in a very real sense, it is a test of our civilization."

The committee, headed by chairman Mrs. Ruth Grigg Horning, will explore those problems as they affect Pennsylvania and report to the White House Conference on Aging in Washington next January, Lawrence said.
